Dear Mam,

I am writing this mail because I was not able to attend the recent lecture as I was not feeling well. I was having some health problems, so I had to stay at home and rest. Because of this I missed the class and I was not able to know what topics were discussed in the lecture.

Can you please share the lecture notes or slides which were used in the class? It will really help me to understand the topic and also complete whatever I have missed. I asked some of my friends about the class also, but I thought it would be better if I could get the notes which were actually used in the lecture.

I also wanted to ask if there was any important announcement or assignment given in the class. If there is any new deadline, assignment, important topic or anything else which I need to know, please let me know. I don't want to miss any important thing because I was absent that day.

I will go through the notes and try to complete all the topics which I missed. I will also ask my friends if I have any doubts about the class. I will try my best to catch up with the next lecture so that I don't get confused in the upcoming topics.

Sorry for missing the class and I hope you can understand my situation. Please send me the notes whenever you are free and let me know if I have to complete anything else from that class.

Thank you sir for understanding and helping me.

Regards,
Harshith
